

License (Medieval Tavern Bundle)

I, Ean Grimm (composer and rights holder), hereby grant you full usage rights for **all commercial purposes** (videos, podcasts, streams, movies, ads, radio, tv, games and anything else) for the following songs for an indefinite period of time (which means forever):

Tracklist:

- 1_ Black Moon Tavern by Ean Grimm
- 2_ The Ranger's Tavern by Ean Grimm
- 3_ Old King Tavern by Ean Grimm
- 4_ Night Owl Tavern by Ean Grimm
- 5_ Dark Woods Tavern by Ean Grimm

I am the copyright holder & I hold all other rights to the songs, too. Should anybody try to claim my songs, e.g. on Youtube you can use this written license to dispute the false claim.

Important: Attribution is NOT required.

Of course I am happy if you share my site tubersongs.com but you don't have to give credits if you don't want to or if it is just inconvenient. Sometimes we just have to upload a quick video & it is annoying to mention every song in the video description, etc. So, no stress.
